The references were cited in an Office Action dated January 29, 2004 received from the German Patent Office. Applicants are submitting copies of the above-cited references, together with a copy of the Office Action and an English translation thereof. The relevance of the above-identified references has been described in the Office Action.

The relevance to the pending U.S. patent application is that the references were cited in a foreign patent application on the same subject matter. However, no independent analysis of the references, the accuracy of the statement of the foreign examiner or the claims of the foreign application under the laws of that country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the translation of the foreign examiner's comments submitted herewith.
